

Token of Appreciation Policy

Purpose:

In recognition of a Club member's leadership role and volunteer efforts in organizing either of the Club's two major events, the Pioneer Century or Seattle-to-Portland Finish Line, but not limited to only these events, the Board may take the initiative of awarding a tangible token of appreciation to the individual(s) involved.

Policy:

By the authority of the Board, action to propose and approve a token of recognition and appreciation to an individual(s) may be taken at the conclusion of an event, special interest project or at an appropriate interim time as determined by the *Board*.

The type of token of appreciation and its tangible value is to be determined by the Board at a Board Meeting subsequent to the event or incidence of special interest. The token may be in the form of a monetary amount or gift certificate/card. Historically, the award's value has been \$500 per event but this policy does not limit the Board from approving a different value as they see fit.
