WEST HILLS ROLLER COASTER SUPER SPECIAL EDITION
40(ish) miles; Terrain C

THE ROUTE:
From the start we head north on the Trolly Trail
Cross the Sellwood Bridge on the North side of the bridge
Ascend through Riverview Cemetery
Then connect with Terwilliger
And head to the Chart House where we make a sharp left and follow the Roller Coaster route to Council Crest
From there we take the Kiddy Coaster route to the Sylvan Overpass (where we unfortunately bypass Starbucks)
Climb Highland and head to the Rose Garden via Kingston
We'll go past the Japanese Garden following the Twin Tunnels route to Northrup
Where we turn right to take advantage of a signal at 23rd
Turn left on 23rd
And right on Overton
Then to the waterfront where we will terrorize pedestrians on the Steel Bridge, Eastside Esplanade and the Springwater
We'll take a flight through the nice neighborhood on the north side of Waverly golf course
And connect with the Trolly Trail and head south back to the start, which will now become the finish.
Mileage may be about 40 miles (actual mileage will be determined at the end of the ride), but we have a flat(ish) start and a flat(ish) finish from NW Portland, that make for quicker miles.
