

PBC: Canby to Scotts Mills

Starting at Canby's Wait City Park on Holly Street, we head south. The roads and scenery are beautiful and quiet. The ride is mostly flat for the first 10 miles or so. There are a couple of challenging climbs followed by a nice long descent into extended flat lands to finish the ride. For the rest stop, there is a lovely city park in Scotts Mills with water and restrooms. Also, there is a nearby convenience store with refreshments.
